Chick Burdick, one of whose hobbies is communing with nature, is doing some of his communing up at Camp Curry these days. At least we received a crated cutthroat trout from the camp which bore Chick's name on the return address. Inasmuch as there are no packing houses up there, we judge Chick actually caught the fish. The trout was a fine specimen, being of six and one-quarter inches long and sweet to the taste.

Marie LePleux was in the office the other day with a broadside from the Tom Mooney Moulders' Defense committee, which she asked us to publish. Although there are few points on which we can agree with Miss LePleux, we will say that she has always showed a forgiving disposition toward us for our bull-headedness.

While we have long had the opinion that the general public would be better off if Mooney were turned loose, we are not inclined to publish the sort of press release which his defenders are in the habit of turning out.

Their articles are intemperate in tone and obviously so biased that the average reader would feel distrust on reading them. They recite long lists of abuses and injustices against Mooney without a single reference to the sources of their information. They ask their readers to accept these statements as veracious without even revealing their identities.

By these tactics they injure, rather than aid, Mooney's chances for general public sympathy.

There has been the usual amount of rumor going around Niles about the shift in postmasters in the township's only second-class post office.

After a certain amount of pestinating around, we personally have reached the following conclusions about the change:

1. Under Fournier, the post office satisfied most of its customers.

2. Perhaps he was unjustly forced out of the service; but if so, the law makes ample provision for him to vindicate himself.

3. There has been no public, official announcement regarding the change which reflects discredit on Fournier.

4. Local Democratic party leaders had nothing to do with the change.

5. The new postmaster, Mr. Enos, had nothing to do with Fournier's retirement and should inherit no ill feeling through his assumption of the office.

We hear that a small-town daily paper near Los Angeles has ordered all its employees to abstain from cussing while fulfilling their more or less nerve-racking duties. This rule will go the way of other Noble Experiments.

The New Coast Road  
Last week we attended the annual conference of the California Agricultural Teachers at San Luis Obispo. We returned by the new coast highway running from San Luis to Monterey. Although it almost everywhere skirts the ocean, the newly opened part from San Carpofora Creek to Pfeiffer Redwoods is the wonder road. This highway stretch, nich-

## Niles School Board Slates Voters Meeting To Talk Over Sale Of Old Grounds

### MARY SOARES CALDEIRA PASSES AWAY AT DECOTO AFTER COLORFUL CAREER

DECOTO—Sixty-five years ago, Mary Gloria Soares Caldeira was one of eight children who fled to America following the death of their father, Francisco Soares, and the banishment of their mother for political reasons by officials of Fayal in the Azores. All their possessions were confiscated and until the eight small children were old enough to help support themselves, two uncles already in this country assisted their mother.

Mary Soares Caldeira passed away at her home here on Tuesday morning. Her husband, the late Frank S. Caldeira had passed away shortly before they would have celebrated their 55th wedding anniversary last February. She was in good health until three days before her death which came as she slept. Surviving her are seven sons and daughters, 11 grandchildren and four great-grandchildren.

Funeral services were held yesterday morning. A special requiem high mass at the Holy Rosary Church at Decoto was followed with interment at the Holy Ghost cemetery at Centerville, the Hayward Mortuary officiating. Officiating at the mass were Father Francis McCarthy of Niles, Father John Leal of Mission San Jose and Father Stephen Barron of Hayward.

Pall bearers included six nephews of the deceased, Joe and Frank Garcia of San Francisco, Tony and William Garcia of Niles and Manuel and Serafine Caldeira of Agnews.

The children who survive are Frank Caldeira of Paradise, Mrs. Mary Silva, J. P. Caldeira, Mrs. Francis Williams, Manuel of Decoto, Mrs. Annie Avilla of Niles and Tony of Livermore. She was a native of the Azores and was a member of the U. P. P. E. C. No. 45 of Decoto.

### HOT WEATHER HASTENS APRICOT DRYING SEASON

NILES—Hot weather for the past several days has hastened the apricot drying season and numerous dryers started work this week with a reported shortage of help. Growers are receiving an average of \$40 per ton, though \$50 or \$60 had been expected and some of those who sold early are said to have received as much as \$50.

### ST. JOHN'S FIESTA PROVES TO BE GRAND SUCCESS

NEWARK—The annual Fiesta held in honor of the Feast of St. John the Baptist at St. Edward's Parish, Newark, proved to be an unusual success. Distribution of prizes and donations were held after the 9 o'clock mass on Sunday. Mr. A. E. Francis and Mr. Joseph Dias handled the affair. The Rev. William B. Flatley, Pastor, announced yesterday his deep gratitude to all Parishioners and friends who contributed in any way to make the Fiesta the success that it was. Personal contact made by the old stand-bys, Messrs Fred Reeder, M. Perry and John Pope met with the usual success. Members of the Holy Name Society, including Tony Francis, M. D. Silva, Harry Weber and other prominent members of the Parish assisted.

### FIGHT OPENS FOR NEW ROAD

NILES—With the Niles highway project practically complete, and work started on the Altamont Pass at Livermore, local attention is being focused on efforts of Bay section communities to have State authorities complete the new four-lane highway along the eastern shore of San Francisco Bay, reaching from Richmond via Oakland, Alvarado, Newark, Alviso, San Jose and to Salinas.

Frank T. Dusterberry, president of the Centerville Chamber of Commerce and A. J. Petsche, secretary of the Niles Chamber of Commerce, attended a recent meeting at the Athens Athletic Club in Oakland where this matter was discussed. Chambers of Commerce from a dozen or more communities pledged their support to this movement.

"The present highway to San Jose", said Irving Kahn, of the Oakland Chamber of Commerce, "has the worst bottleneck in Oakland itself, where traffic is five times heavier than the congestion at San Rafael. The State authorities should consider us and should consider the immense volume of traffic here."

Speakers pointed out that the highway authorities have already made all their appropriations for the coming biennium but they declared that concerted action by all the cities and counties on this side of the bay should make their influence felt. Direct appeals will be made to the State Highway authorities, it was agreed.

### MRS. BERTHA Le MAY INJURED IN WRECK ON MISSION ROAD

NILES—Mrs. Bertha LeMay of 1433-34th avenue, Oakland, was taken to Providence Hospital by the Chapel of the Palms ambulance following an accident near the Kimber Poultry Farm when a truck driven by Herman D. Perry of Milpitas made a rear-end side-swipe collision with a coupe driven by her son Remi LeMay. Also injured were Rosalie LeMay, 15, and Annabel Alphonso, 12, in LeMay's car. The accident was investigated by Highway Officers Tony Enos and A. Kraus. The collision took place when the truck attempted to make a left-hand turn into the Morrison Canyon road.

### BIRLS ASKED TO JOIN LITTLE SISTERS ORGANIZATION

NEWARK—All girls too young to belong to the Campfire Cub are invited to attend the organization meeting of the Little Sisters at the home of Mrs. Dora Grebb, guardian, next Monday afternoon at 2 o'clock. Mrs. George Freitas will have charge.

NILES—Discussion of plans for a new grammar school site is the purpose of a mass meeting called by school directors for July 26.

To build the new building on the present site will involve an expense of \$8000 in the erection of temporary classrooms, say the directors. They believe they can sell the present school property for enough to buy a larger acreage on the Shinn tract near the nursery on which the new building can be erected without the expense of temporary classrooms.

Two thirds vote of those attending the mass meeting is required to put this plan in operation. The directors will ask those attending the meeting to empower them to advertise for bids on the purchase of the present school grounds.

If the bids are sufficiently high to permit purchase of the new land with the proceeds, the move will be made.

If no offer of sufficient amount is received, the plan to move the school will be dropped, say board members.

### MANUEL VARGAS PASSES AWAY AT NILES

NILES—Manuel Vargas, 66, one of Niles' outstanding citizens, formerly of Atwater, passed away this last week and was given final rites on Wednesday. Services at the Chapel of the Palms in Centerville were followed with mass at the Corpus Christi church in Niles and interment at the Holy Sepulchre at Hayward. Mr. Vargas has added considerably to the growth of Niles with the construction of several new homes, two of which will be finished this week to be occupied by Dr. and Mrs. E. G. Dawson and the Sabin family. He also built the residence occupied by Mr. and Mrs. A. J. Petsche.

He was a member of U. P. E. C. lodge No. 13 and of the Oakland Druids. He was a native of the Azores and had lived in Niles for many years. Surviving are the widow, Ida, and the following children: Mrs. Mamie A. Silva, Fred, Joe and Ida Vargas; brothers and sisters, Joe Vargas of Portland, Marie Maderios of Atwater, John Vargas of Oakland and Tony Vargas of Niles; three grand-children, Marie Avilla of Bay Point, Edwin Vargas of Atwater and Arthur Vargas of Hayward.

Money will be used to buy beads and other materials for campfire work.

### DECOTO FIREMEN CONTROL BLAZES

DECOTO—The Granger ranch on the Nursery road suffered slight damage on July 4 when a shed, used as living quarters for farm labor, caught fire during the ab-

sence of the family. Chief Bendel's boys speedily controlled the flames before they spread to a nearby barn.

On July 5, there was a small, brush fire on Railroad avenue between E and F streets.

Mr. and Mrs. Paul Donovan are now installed in their Franklin apartment and at home to their friends after Mrs. Donovan's arrival Sunday evening from Long Beach, where for the past year she has been instructor in a southern school.

Mrs. Donovan is a member of Chi Omega sorority.

Mr. Donovan, son of Mrs. Rosalie Donovan of Niles, was for three years news editor of the Township Register in his home town, but came to Napa a year and a half ago to accept a position with the Register. He is a member of Beta Omega chapter of Delta Tau Delta.

Mrs. Donovan refused a promotion at the end of the year and resigned her position in the south to establish her home in Napa.

Act of Congress  
March 3, 1879.

Determined a Newspaper of General Circulation by Decree  
of the Superior Court (Department 6), of Alameda Co.,  
California.

If the congress of the United States managed to completely scotch the President's attempt to wreck the supreme court, the institution of western democracy will have stood a genuine test by fire.

There is an even chance that the congress will do this. At the same time it must be recognized that failure of the court legislation—if it does fail—will be due largely to politics rather than to far-seeing statesmanship on the part of congressmen.

Roosevelt, with his cheerful inability to keep his promises to individual congressmen, has alienated their affections to the point where they are at last feeling balky. He has broken with Garner and with many other formerly loyal New Dealers. It is due to this, rather than to any legislators' desire to preserve the checks and balances system, that the court packing plan has hit tough sledding.

All these facts point a definite warning: that the court may some day be attacked again, if it survives this time.

Friends of our government's traditions should waste no time in stopping the gaps in the Constitution which make such attacks possible.

Every effort should be made by everyone to patronize the Township fair which the Lions club is sponsoring in Centerville.

The Lions are noted for their success with this type of community enterprise and they bring a great deal of money here each year by their activities.

Township people should invite their out-of-town guests down for the week-end during the program.

Decoto, Calif.

Editor, Township Register, Niles

Dear Sir:

In saying a "portion" of highway could be saved, I meant all of that part intended by the Commission to be abandoned, including the crossing over the railroad.

I make this correction because the idea occurred to me that you might possibly think I did not mean the "crossing".

The District Highway officer was in error when he said retaining the crossing would be contrary to highway policy. Ordinarily it would, but not in this instance, neither legally nor in fact. It would, but not in this instance, can be saved on several grounds. Why not "buck up" and do it?

Yours truly,  
David K. Watkins

## Masonic Home News

JAMES H. HEATH

300 ATTEND  
JULY 4 PARTY  
GIVEN AT  
MASONIC HOME

DECOTO—The youngest old folks in Washington Township made whoopee for the Glorious Fourth at the Masonic Home in Decoto. This was the only special patriotic party in the township and was attended by more than 300 of the residents of the home.

A holiday dinner marked by patriotic decorations and menu was served Monday evening and followed with a dance and party in the assembly hall. Music for dancing was furnished by the home's own orchestra composed of John Hadley, violin; C. L. Georges, piano; Elmer W. Barnes, flute; James T. Yarrington, drums and Lewis C. Kirsch, French horn. The grand march was lead by Superintendent Frank B. Hartman and Minnie B. Richardson, the matron. Games included deck golf, musical chairs, bean bags, etc. Refreshments were served at the close of the evening after which the group

retired to the roof garden where there was a display of hundreds of sparklers.

In former years there has always been a magnificent display of fireworks but fire hazard and a desire not to make superfluous expenditures has eliminated this feature of the celebration.

Among those most interested in the celebration was Isadore Frank, oldest member of the San Francisco Musicians Union and a resident at the home since 1916. For 69 successive years, this native of Metz, France, has celebrated the birthday of his adopted country and each time has contributed music to the occasion.

He was born in Metz on Dec. 9, 1846, 90 years ago. He came to San Francisco in 1868 and celebrated his first Fourth of July in 1869. At that time he was playing in the orchestra at the old McGuire Opera House on Washington street. For the parade that year he played with one of the bands carried in horse-drawn express wagons. One time he sat on a beer barrel fastened under the wagon and handed up beer to the other musicians, making \$25 for the day. The Fourth was really "glorious" in those days, with plenty of celebration, both liquid and otherwise.

In 1877, the Fourth of July found Frank at Budie, one of California's old mining towns. Here he furnished music for dancing and for the parade and made \$100 on that day. Drinking and gambling and shooting and all the fixings for a wild and woolly western celebration marked that day.

He came to the home in 1916, where he has taken part in each of the celebrations. He has several nieces and nephews in San Francisco, Portland and Paris.

MASONIC HOME June 30—It is barely possible that the annual picnic, financed by the members of the Decoto home participating, which had to be called off, Sunday on account of weather conditions, may yet take place before the school days are here again, thus keeping intact the yearly record of these successful outings, but the prospect is not cheering.

Under the efficient leadership of Mrs. Leonora Rogers the plans for Sunday provided for leaving the home in a comfortable bus right away after lunch for an afternoon and early evening visit to the Rosierucian lanetorium and Oriental museum at San Jose, with a full course turkey dinner.

Mrs. Rogers, conductor of similar excursions from the home in years past, had arranged all the details and the transportation limit of 35 had signed up to go but Old Sol stepped in and sent her plans a glimmering. At that there may yet be in evidence the proverbial silver lining.

## MEETING TO MAKE PLANS FOR I. D. E. S. HOLY GHOST

WARM SPRINGS—A meeting of the executive board of the Holy Ghost fiesta will be held at the I. D. E. S. Home tomorrow morning with Antonio Chrysostomo of Oakland, supreme president, in the chair. The fiesta will be held here on July 31 and August 1. Two queen candidates are contesting for election, Isabel Valim of Warm Springs and Maria C. Rosa of Los Banos.

The fiesta will open with fireworks and a dance on Saturday night. On Sunday there will be a special high mass, processional and parade. At noon a free barbecue will be served to thousands of visitors and dancing will be enjoyed during the afternoon.

ed into the walls of the wild Santa Lucia mountains which rise straight up from the ocean, will become famous throughout the world, as Yosemite and Death Valley are already famous. It is like a Maxfield Parish dream, both in color and form. From its soaring heights one gains a hint of the immensity of the ocean. Yesterday its construction was called a folly and the eight million dollars spent on it considered a vast waste. Today traffic over it is about as heavy as on our Township main highways and everyone commends the far sighted wisdom that opened this incomparable ocean wilderness to the world.

In the days of our boyhood we packed in from Post's, just below Pfeiffer's to Big Creek—three big days of hiking along narrow foot trails. We carried the mail in with us and to the one or two pioneers at Slate's Hot Springs, and below, we were welcomed as a rare contact with the outer world. We caught the limit of beautiful trout in Big Creek in less than an hour. Last week, we

pulled out of the stream of traffic beside the temporary bridge over Big Creek. Once again we gazed into its clear pools and dancing rapids as it raced toward the near by Pacific, but upstream a seven foot wire fence barred our adventuring feet, and threatened us with all the penalties of the law, should we fish, camp, hunt or trespass. Some day we hope the Big Creek region will be a State Park where all will be welcomed as we once were.

## Refrigeration Brings Changes in Farming

Dwight Rutherford of the Pacific Rural Press, speaking briefly before the conference at San Luis Obispo, told of recent observations he had made on trends in farming due to refrigeration.

In many communities in Washington and Oregon, refrigeration lockers in a central plant are available to farmers at an annual cost of \$6 to \$10 per year. In these lockers the temperature is kept from 10 to 15 degrees. At this temperature meat, fish, berries, fresh fruits, market corn and peas and many other commodities remain absolutely unchanged for years, and are "in season" every day.

Commercially, preserving foods by this method is making giant strides. Twenty million pounds of fresh frozen peas were sold last year. General foods, in one section of the country, is now putting in 2500 distributing or store units. A single firm in Los Angeles has 1,000,000 pounds of youngberries frozen. One company in Oregon will freeze berries equivalent to 12,000,000 cases.

It seems likely that this new system will greatly change our farming. It will probably, for example, lessen the eastern demand for our April peas, for frozen peas, equally fresh will be available in April and every other month. It may open up products unknown at this time—frozen apricot paste from sun ripened fruit, let us say—a natural sherbert unequalled by the confectioners art.

## A Difficult Order

R. V. Garrod, President of the Farmer's Union, told of a government order covering resettlement. According to Garrod, this order listed the various items with which each farmer was to be supplied. These included a dozen hens, a bred sow, a cow with calf and a mare mule, preferably with her foal at her side.

## FIGHT PICTURES COMING SOON

NILES—Bill Helm, theatre manager, wants it known that he has managed to obtain the Louis-Braddock fight pictures for the evenings of July 16 and 17. The Niles will be one of the first suburban theatres to show this picture.

Next week also come the Mauch twins in "The Prince and the Pauper". The twins are worth seeing, but don't expect to see much of Mark Twain's inimitable humor in the picture.

The central situation is Twain's and one or two of the incidents in the picture are Twain's; but the plot, pointed up for dramatic purposes, is a far cry from that conceived by the great novelist.

Pictures for the next two or three days guarantee lively fare. Tonight and tomorrow bring Fred Astaire and Ginger Rogers in "Shall We Dance". There is a roller skating number in this picture which is supposed to be very fine.

Tex Ritter in "Arizona Days" shares the bill.

Sunday and Monday, Leo Carrillo appears in "Hotel Hay wire". More serious is "They Gave Him a Gun" with Spencer Tracy and Franchot Tone. Tracy always appears in pictures with meat on them and this movie is the story of what the war, with its slaughter, did to a young man who turned into a peace-time killer.

Tracy is another who might make good Rhett Butler in "Gone With the Wind." He's a little short on conventional good looks but he certainly can act.

It seems a pity that the best actors are never the best lookers. We can recall only one exception to this rule: John Barrymore, who in his heyday as a matinee idol, would occasionally take "heavy" roles.

Native Daughters. Evelyn Garcia, new president, appointed Koumida Rose as chairman of arrangements to work with a committee from Washington Parlor of Native Sons headed by Judge Allen G. Norris.

NILES—Truck traffic through Niles canyon is restricted to loads of not more than 13 tons, for trucks and trailers, with a maximum of 11 tons for a single vehicle, through the effect of new regulations issued this week by the State highway department.

Actually, the weight restriction applies only to two wooden bridges out as the bridges must be crossed to pass through the canyon, the new regulation will have the effect of holding all loads under those limits.

Another regulation of local interest reduces permissible loads on the Arroyo del Valle bridge, south of Livermore on the Vallecitos road, to 17 tons for trucks and trailers, or 10 ton for a single vehicle.

The new regulations follow an inspection of the bridges made recently by highway department engineers. They were made public here by Highway Patrolman Cliff Ralph, who is in charge of truck traffic for Alameda county.

NILES—The new highway at Niles has become a reality. A gap has been cut in the old road south of Schuckl's cannery and the old bridge about whose destruction there has been so much said and written will be blasted out this week or next. Wednesday afternoon traffic from Oakland to San Jose was thrown onto the new highway and the underpass east of Niles blocked except for local traffic.

First street residents declared they slept to the first time in history due to the absence of noise from trucks which keep up a steady stream of traffic through the town during the night.

Three of the underpasses on the new road are now in use and the other three are complete, waiting for approaches to be paved. Each of the underpasses contains two five-foot sidewalks and the highway approaching offers four wide lanes of concrete paving.

It is understood that certain of those who opposed the idea of throwing traffic from the main street to the new road east of town are beginning to "crawfish" somewhat in their attitudes and some have even been known to express a bit of pride in the much-improved approaches to the town and the atmosphere of prosperity new highways lend to any community.

The entire project is expected to be complete during the early part of August. The Chamber of Commerce has communicated with the State Highway Department asking if a special dedicatory program is planned.
